## WHO WE ARE

We are Indivisible on the Lakeshore, a local chapter of Indivisible. By joining with other Indivisibles across the country, together we can remake our democracy into a government that represents all the people. Not just the billionaires.

## OUR PURPOSE

To organize, inform, motivate, and mobilize as many people in our lakeshore community as possible to resist and defeat fascism and build a democracy where our elected officials represent all of us.

## OUR MESSAGE

We are the majority and when we join together, the many against the money, we will protect our freedoms, our families and our futures.

# JOIN US

as we work to transform our government into a democracy that supports us all!
